Workshop Requirements

In an effort to keep things simple for all parties involved, I do not itemize expenses for teaching engagements; rather, I utilize a flat fee system, as follows:

A fee of \$500 applies for a travel day

A fee of \$750 applies for a travel day that also includes teaching (both can be done reasonably) – teach a ½ day in the morning and flight back in the afternoon.

A fee of \$1000 applies for a teaching day (regardless of the number of hours taught, but generally maxed at 6 hours)/

Maximum hours, number of days and maximum people will be negotiable.
